

Apply for project membership - GALAXY-FOX

Educloud Galaxy portal; <https://galaxy.educloud.no/>

Step 1:

Access Educloud Galaxy portal and select apply

About

Fox is a powerful HPC-cluster available to all users of the Educloud Research infrastructure.

Educloud Research is a project-oriented self-service Platform as a Service that gives easy and fast access to a work environment for research projects, storage that is available from anywhere and low threshold HPC resources.

[More about Galaxy Framework](#)

Getting started

Apply for access to Educloud.

- If you have a Norwegian electronic ID, please click on the Apply icon and select project ec73. Your application will be handled shortly.
- If you don't have a Norwegian electronic ID, please write to apc-shff@uit.no.

Install Google, Microsoft or another authenticator on your smartphone and scan the QR-code for 2 factor authentication (2FA). See explanation [here](#). Log in after your user and access to project ec73 is fixed.

If you have any questions, please write to apc-shff@uit.no.

Self Service

Review and manage your personal data, manage your project, apply for project membership, or register a new project.

Project

Your Personal Data

- Profile: Your personal data.
- Privileges: Get an overview of the privileges you have in your Educloud project.
- Password: Set a new password for all your Educloud projects.
- OTP: Get a new QR-code for the OTP pertaining to all your Educloud projects.

Notifications

Review the notifications you have received.

Step 2:

Apply for membership

Project Administration

- Your project: Information about your project and about the PI.
- Membership applications: Review membership applications from applicants with a Norwegian electronic ID.
- Foreign user administration: Invite users from outside of Norway to participate in your Educloud project.
- Project members: List and administer members of your project.

Applications

- Project membership: Apply for membership in a project using a Norwegian electronic ID.
- New project: Submit a new Educloud project application (Nettskjema) using a Norwegian electronic ID.

The screenshot shows the Educloud Research website with a "Membership application" page. A red arrow points from the left towards a central modal window. The modal contains the text "Please log in with ID-porten to proceed." and a blue "Log in with ID-porten" button.

Step 3:

Login via ID-portal

The screenshot shows the "Apply for project membership" section. It includes fields for "Project code" (containing "ec73"), "Full name", "Email", "Birth date", "National ID", and "Feide user". To the right, a vertical red bar labeled "Personal information" has arrows pointing to the "Project code", "Full name", "Email", "Birth date", and "National ID" fields.

Step 4:

Fill the application form and submit

The screenshot shows the final steps of the application process. It includes a "Log in via Feide" button and a "Submit membership application" button. A red arrow points from the bottom right towards the "Submit membership application" button.

Educloud project you apply for
Project code: ec73

Your personal data

Full name: [redacted]
Email: [redacted]
Birth date: [redacted]
National ID: [redacted]
Feide user: —

Your national ID
Confirming your national ID helps to verify your identity and prevents fraudulent use.
 I confirm that this is my national ID.

Your Feide user
Log in via [Feide](#) to obtain access to software licenses granted via a Norwegian educational institution such as [UiO](#), [UiB](#), [UiT](#) or [NTNU](#).
